VII. CONFLICT OF INTEREST

- A. A Commission member or appointed committee member shall not be interested, directly or indirectly, in the profits of any contract for furnishing supplies, equipment, or services to the Commission.

For this purpose "...interested, directly or indirectly..." is to be construed in terms of Arkansas Code Annotated § 21-8-304(a) and the common law prohibition against conflicts of interests.

Arkansas Code Annotated § 21-8-304(a) provides as follows:

(a) No public servant shall use or attempt to use his or her official position to secure special privileges or exemptions for himself or herself or his or her spouse, child, parents, or other persons standing in the first degree of relationship, or for those with whom he or she has a substantial financial relationship that are not available to others except as may be otherwise provided by law.

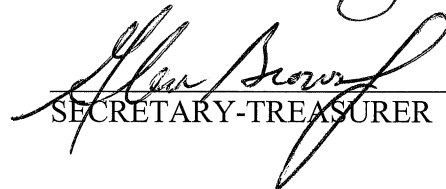

The common law prohibition against conflicts of interests provides generally as follows:

A public office is a public trust . . . and the holder thereof may not use it directly or indirectly for personal profit, or to further his own interest, since it is the policy of law to keep an official so far from temptation as to insure his unselfish devotion to the public interest. Officers are not permitted to place themselves in a position in which personal interest may come into conflict with the duty which they owe to the public, and where a conflict of interest arises, the office holder is disqualified to act in the particular matter and must withdraw.

This prohibition shall also apply to contracts for furnishing supplies, equipment, or services to be performed for a private organization that has or is to receive grant funds from the Commission in which the Commission member, appointed committee member, his or her spouse, child, parents, or other persons standing in the first degree of relationship holds any ownership, oversight, executive, or managerial office. (Added 12-15-21)

THESE BYLAWS ARE AMENDED THIS 15th DAY OF December, 2021.
